We will not deviate & from the conservative course originally laid down for our guidance but continue to sell for a short time only at

75 PER CENT. OF PAR.

We have declined three offers in quick succession at \$500, \$600 a \$650 per acre out of our 400 acres in the Isaiah Junker survey adioin Sour Lake, Hardin County, Texas.

We now offer to sell for the next few days only ten acre lots to being plotted by our surveyor at \$1,000 per acre cash.

We do not anticipate any difficulty in this and expect to distrib the money as fast as received as a dividend, thus returning to our sto holders practically 75 per cent of their investment.

The balance of our land will be developed as fast as we c n get m and machinery on the ground to work. Ample capital for this purpose now lying in the Treasury.

Business Men, Speculators and Investors, generally, do you real that we are actually offering you a 125 percent certificate value for ex share you buy now at 75 per cent of a stock which is sure to jump to tenh one with oil a certainty? Do you still hesitate? Remember that only few more shares are yet to be had of the
